

## Design Engineer

*We are a well-established Chemical Plant Engineering Company, located in Salzburg/Austria, designing and building plants world-wide. Since our establishment in 1974 we have successfully completed more than 250 projects in 40 countries.*

We are looking for a

## Design Engineer (m/f)

### Your Tasks

- ⇒ Design work in chemical plant engineering
- ⇒ Preparing of equipment and assembly drawings as well as parts lists
- ⇒ Preparing of 3D models
- ⇒ Drawing of P&I flowsheets
- ⇒ Cooperation within the internal engineering team and with external experts
- ⇒ Support during acceptance tests, inspections and commissioning
- ⇒ Inter-action with suppliers

### Your Qualification

- ⇒ We would prefer a minimum of 3 years of professional experience in mechanical design and plant construction.
- ⇒ Completed technical education and preferably experience with 2D/3D CAD software (AutoCAD, Inventor, Plant 3D)
- ⇒ Process orientated way of thinking and acting
- ⇒ Advanced skills in English language would be advantageous.
- ⇒ Good self-motivation
- ⇒ Good teamwork ability

### We offer:

- ⇒ Individual and constructive motivation in an entrepreneurial environment
- ⇒ Low profile hierarchy with short decision paths
- ⇒ Varied activities in an international surrounding
- ⇒ Voluntary social benefits (f. i. subsidized daily meals, private accident insurance)
- ⇒ Living and working in the Austrian alpine region, which offers a high recreational value
- ⇒ The opportunity to develop beyond designing within the company

We offer an annual gross salary of € 51.800,00 based on 40 h/week (in Austria the 13<sup>th</sup> and 14<sup>th</sup> month salary payments have tax advantages). For highly experienced applicants a higher starting salary would be considered.

We look forward to your significant application, which is to be sent to
