

Electrical Engineer/Technician

We are a well-established Chemical Plant Engineering Company, located in Salzburg/Austria, designing and building plants world-wide. Since our establishment in 1974 we have successfully completed more than 250 projects in 40 countries.

We are looking for an

Electrical Engineer/Technician (m/f)

Your Tasks within an international team:

- ⇒ Planning of low voltage distribution systems
- ⇒ Motor distribution (MCC)
- ⇒ Automation and visualization
- ⇒ Preparing of instrument specifications
- ⇒ Programming of PLC and SCADA systems
- ⇒ Inter-action with clients and suppliers

Your Qualification

- ⇒ Completed technical education in electronic/mechatronic/electrical engineering
- ⇒ We would prefer a minimum of 3 years of professional experience.
- ⇒ Advanced knowledge in instrument and control technology
- ⇒ Knowledge of Bus systems Profinet/Profibus
- ⇒ Knowledge of programming of free programmable control and SCADA systems, preferably Siemens S7 and WinCC
- ⇒ Knowledge in explosion prevention and protection (ATEX) would be advantageous.
- ⇒ Fluent in written and spoken English
- ⇒ Good organizational and teamwork ability
- ⇒ Independent working ability and reliability

We offer:

- ⇒ Individual and constructive motivation in an entrepreneurial environment
- ⇒ Low profile hierarchy with short decision paths
- ⇒ Varied activities in an international surrounding
- ⇒ Voluntary social benefits (f. i. subsidized daily meals, private accident insurance)
- ⇒ Living and working in the Austrian alpine region, which offers a high recreational value

We offer an annual gross salary of € 51.800,00 based on 40 h/week (in Austria the 13th and 14th month salary payments have tax advantages). For highly experienced applicants a higher starting salary would be considered.

We look forward to your significant application, which is to be sent to
